THE EDITOR

THOUGHT # 1

This is from the Editor and no one else. We have 32 golf carts, and they have been turned for 36 holes almost every day. This is great, if you finish playing your round, put your clubs in your car, and return the cart to be cleaned and sent out again. PLEASE don't park it at the restaurant! Because I volunteer in the Pro Shop, I know it is no fun to wait it out and hope there will be a cart for the next group. Thank you for your help..

In case you are unaware where the phrase "**Miracle at Turkey Creek**" originated, *Golf Digest* ran an article a year or so ago about how Turkey Creek rose from the weeds, literally, with volunteer labor from this community. They called it "Miracle at Turkey Creek".
